4-H'ers Learn and Profit from Soil, Safety Projects

A total of 16 $400 college scholarships will be awarded 4-H club members this year for top achievement in the 4-H soil and water conservation program, and the 4-H safety program.

The scholarships, together with expense-paid trips to the National 4-H Club Congress in Chicago, are offered as incentives to boys and girls throughout the nation.

State 4-H officials at VPI say that while the club members have their sights set on winning, the awards are not the chief goal. The objectives of 4-H are to develop good citizenship and leadership, to contribute to the welfare of the community, to "learn by doing" and achieve the best results in individual club work.

NEW BOOK IN THE COUNTY LIBDARY

College Ahead,
By Eugene S. Wilson
and Charles A. Bucher.

Here is a calm, sensible guide to help high school students and their parents who are troubled by the deluge of gloomy predictions about a problem hundreds of thousands of them face each year—how to get into college. The problem begins not with a college application in the senior year of high school, but with the question, which should be asked earlier: "Should I go to college?" The authors of this book discuss first how a student can assess his talents and his interests, appraise intelligence and aptitude tests, evaluate public school and private school preparation and decide whether college is for him. Then the probable costs of going to college are given and the procedures and standards for obtaining scholarships and loans.

In June 1854, the first formal graduation exercises were held at the Naval Academy at Annapolis. Although classes had been graduating for eight years, this marked the first formal ceremony to be held.

FORTY MILLION PEOPLE OWN U. S. SAVINGS BONDS

By: Robert B. Anderson
Secretary of the Treasury

Right now more than 40 million people are owners of Series E and H Savings Bonds — the two series currently on sale. At the close of February 1958, their investments amounted to $41,901 million. That is an all-time record. It is 15 per cent of the total public debt.

This year, for the first time since the end of World War II, the Treasury has launched Savings Bonds campaigns simultaneously in all of the key marketing areas of the country. The sales goal for 1958 is $4,700 million — up 200 million from sales in 1957.

To start the campaigns rolling, two important groups of retirees recently met with Treasury and Savings Bonds officials in Washington. One group was made up of top business men and industrial leaders from 32 important metropolitan centers, coast-to-coast. The second group conferreing in Washington was made up of equally important volunteer chairmen representing about 200 of our medium size cities.

Appomattox is a growing town.

It was announced this week that Kenneth W. Christopher, Principal of Appomattox High School, does not plan to return for the next session.

Mr. Christopher has been A. H. S. Principal for two sessions, succeeding Mr. H. E. Keer. He came here from Stanfield, N. C. He is a native of Ohio.

We are informed that Mr. Christopher does not plan to teach next session, but will be engaged in a business, with Charlottesville as his headquarters.

Mr. Christopher has had a successful record here, both with the high school and in civic affairs.

A replacement comes at a time when many other schools are also in the market for both teachers and principals. The principals at Farmville and Amherst, for example, have recently resigned.

The division superintendent and school board are already making investigation for location of a principal for next session.

We are also informed that the following current teachers at Appomattox High School do not plan to return next session:

Mrs. Jim Smith, County Librarian.

Mrs. Joan Smith, teacher of distributive education and diversified occupations. It is understood that Mrs. Smith will move to Roanoke. (It is announced that she will be succeeded as DE & DO instructor by Mr. Charles E. Wilson, 29, of near Covington, a graduate of R. P. I., who plans to move here with his family by July 1.)

Rev. Colin Godwin, assistant principal, plans to enter foreign mission work. He is also pastor of Spout Spring Baptist Church.

Rev. Randolph Hite. We understand he does not plan to teach the next session.

Mrs. W. P. Lawrence. We understand she does not plan to teach next session.

Although it is increasingly difficult to locate teachers, it is considered that the vacancies needed here for the next session constitute a "normal" turn-over, and the school authorities hope to be able to work out the full teacher complement in ample time before the next session.

Fire Alarm

Both local fire engines were called out yesterday morning, when a pick-up truck caught fire on Route 24 between the Old Court House and Vera. Two calls were made for the firemen, and not knowing that there was only one fire, both of the trucks responded.

From Evergreen to Pamplin!

On June 3, a group of 43 pupils from Evergreen Elementary School took time from their studies and boarded the Norfolk and Western passenger train No. 4 for a short ride to Pamplin. They were accompanied by their teachers, Mrs. Lucie B. Staples and Miss Mary Rives Black. It was the first train ride for many of them and it really was a thrilling experience.

The children were met at the station in Pamplin by members of the Evergreen P.-T. A., who returned them to school within thirty minutes.

MARINE FROM PAMPLIN

Quantico, Va. (FHTNC).- Marine Sgt. Edwin L. Styles, son of Mr. and Mrs. Arsenia Styles, of Route 2, Box 166, Pamplin, Va., and husband of the former Miss Lillie M. McNair, of Rocky Mount, N. C., took part in "Operation Packard" at Camp Lejeune, N. C., during May 21-27.
